It starts as a boat ride on the bayou, but before you know it, you're in the middle of a pirate raid, complete with cannons blasting and fires blazing. And Captain Jack Sparrow lurking everywhere at once. Before you get into the battle, your little boat will go over a couple of small drops, and you'll encounter Jolly Roger, who warns that "Dead men tell no tales." 01 of 03 Adapted from mlu92/Flickr/CC BY-SA 2.0 Location: Pirates of the Caribbean is in New Orleans Square Rating: ★★★★★ Restrictions: No height restrictions. Children under age seven years must be accompanied by a person aged 14 years or older. Ride Time: 13 minutes Recommended for: Everyone Fun Factor: Medium to high. It's a classic ride that many people think is a Disneyland must-do. In fact, Pirates is one of the best rides at Disneyland. Wait Factor: Use a Fastpass to shorten your time in line Fear Factor: Low, but young children are sometimes frightened by the special effects and noise, especially in the battle scene. Herky-Jerky Factor: Low for most of the trip, but it includes two short, steep waterfalls. Occasionally the ride vehicles get bumped from behind when approaching the unloading area. Nausea Factor: Low Seating: Ride vehicles look like flat, wide boats. You step down from the loading area into them. Seating is bench style in rows. Each row holds two to three adults. Accessibility: If you're in a wheelchair or ECV, ask any Cast Member how to get to the boarding area. You will have to transfer into the ride vehicles by yourself or with help from your companions. Service animals are not recommended on this ride. If you need a handheld captioning device, stop at Guest Services in City Hall to pick one up. More about visiting Disneyland in a wheelchair or ECV Continue to 2 of 3 below. 02 of 03 Paul Hiffmeyer/Disneyland The Pirates of the Caribbean ride inspired the films starring Johnny Depp. See how many scenes from the movies you can recognize (hint: Jack Sparrow is there three times). If you sit in the front row of the ride vehicle, you'll get splashed as you make the first, otherwise non-terrifying drop. You may get wet enough to cause a bad hair day, and you're likely to have a soggy bottom, too. If you don't want to put up with all that and end up in the line for the front row, ask the Cast Member in the loading area to move you further back. That song is going to get stuck in your head, no matter what. One of the best ways to get rid of an earworm like that is to embrace it. Why not sing and memorize a few lines so you can sing along? Yo ho, yo ho, a pirate's life for me. We plunder, we rifle and loot. Drink up me 'earties, yo ho. We kidnap and ravage and don't give a hoot. Drink up me 'earties, yo ho. Pirates of the Caribbean is one of the coolest places to go on a hot day at Disneyland. Literally. It's also one of the longer rides so you can cool off even more. You can see all the Disneyland rides at a glance on the Disneyland ride sheet. The second is a little shorter and drops 13 feet. The California Pirates has two drops and a creepy mist screen with a projection of Blackbeard. Both rides are similar from the battling ships section to the end. Captain Jack Sparrow crosses paths with a woman from his past, and he's not sure if it's love — or if she's a ruthless con artist who's using him to find the fabled Fountain of Youth. When she forces him aboard the Queen Anne's Revenge, the ship of the formidable pirate Blackbeard, Jack finds himself on an unexpected adventure in which he doesn't know who to fear more: Blackbeard or the woman from his past. MoviesJoy Review: Pirates of the Caribbean: On Stranger Tides - excellent movie, one of the best released in 2011. It is my favorite adventure movie because parts felt very similar to my life experience. I know it gets a lot of stick for being the mainstream popular movie, but honestly I can not think of anything wrong with the movie online. I'm big fan of adventure movies. The director is insanely talented guy. Pirates of the Caribbean: On Stranger Tides stand up to the test of time. The soundtrack, the atmosphere and the characters. The fact it still holds up so well is a testament to what a work of art it is. No better place than MoviesJoy exist for free movies and tv shows so I added this movie here, now you can see this movie online for free. Rating: 6.7 Storyline Captain Jack Sparrow (Depp) crosses paths with a woman from his past (Cruz), and he's not sure if it's love — or if she's a ruthless con artist who's using him to find the fabled Fountain of Youth. I don't want to give away any spoilers, so all I'll say is that it was pretty darn good. By not having Keira Knightley and Orlando Bloom in it, the film didn't feel like just a rehab of all the other PotC films. Penelope Cruz and Ian McShane really added a lot to the film, and I loved Sam Claflin's performance. But of course you have to have Johnny Depp, because it wouldn't be PotC without him, and Geoffrey Rush was spectacular as always. All in all, this has everything you'd expect from PotC: swashbuckling, sea creatures, sword-fighting, and lots of great comedy, but the new cast members keep it feeling fresh. See detailed box office info on IMDb Pro Suggest an edit or add missing content You have no recently viewed pages TripSavvy rating: 5 STARS (out of five) When the original Pirates of the Caribbean debuted at Disneyland in California in 1967, the landmark ride was jaw-dropping and an instant hit. Decades later, it remains a beloved classic and still merits its "E-Ticket" status. In fact, it is one of a handful of theme park attractions that TripSavvy has reviewed and awarded five stars. In rare cases, sequels manage to outshine the originals (The Godfather: Part II, Toy Story 3). Pirates of the Caribbean Battle for the Sunken Treasure is one of those rare cases. The tour-de-force follow-up is jaw-dropping in its own right and takes its place among the planet's best rides. Type of attraction: Boat-based dark ride Thrill Scale (0=Wimpy!, 10=Yikes!): 2 Small splashdowns, reverse motion, mildly frightening content and images Ride time: About 7:50 Height requirement: None Battle for the Sunken Treasure is based on the enormously popular Pirates of the Caribbean film series featuring Captain Jack Sparrow. Just as the movies hark back to the Disneyland ride that inspired them and include some homages to the attraction, the Shanghai Disneyland Pirates incorporates some references to its predecessor, mostly near the start of the experience. Passengers pile into boats that look similar to the ones used in Disney's previous Pirates rides. (It quickly becomes apparent that as it is the case for the original Pirates ride and other boat-based theme park rides such as it's a small world, Battle's boats include underwater magnetic motors—a theme park design first—that can precisely control their movement. They can speed up, slow down, move sideways, rotate, and even move backwards. Some have described the first Pirates ride as a floating cocktail party in which passengers randomly eavesdrop on the buccaneers as they sack and pillage the town and go about their dastardly, yo-ho-ing business. But the new boats allow the Shanghai ride to tell a carefully orchestrated, linear story about a reanimated Jack Sparrow on the hunt for Davy Jones' sunken treasure. Speaking of yo-ho-ing, Battle does not include the original Pirates of the Caribbean's catchy theme song. Instead, the ride's engaging, cinematic score, inspired by the POTC movies, helps drive the narrative. 01 of 02 Shanghai Disneyland The Jack Sparrow animatronic is quite fluid and expressive. Its hand gestures mimic the effete, swizzled performance of Johnny Depp. The original Disneyland Pirates are perhaps the most famous ambassadors of the animatronic technology that Disney's Imagineers pioneered. It's fitting that Shanghai's next-gen ride honors the tradition and features its own band of animated pirates. Unlike the preceding Pirates, Battle mixes the animatronics and lushly adorned practical sets with projected media. The first such media-enhanced scene takes place before an enormous, enveloping screen. Unlike Universal's groundbreaking Spider-Man ride, which introduced the notion of a media-driven, roving motion base ride, Pirates is not presented in 3D. It is nonetheless convincingly immersive. Despite the fact that the ride vehicles float on top of the water, and passengers don't feel the tactile effects of being underwater, it is still an eye-popping, giddy experience when the boats "dive" down to the bottom of the ocean. Instead of finding gold and plunder, however, the crew encounters a massive, threatening Kraken monster standing guard at the wreck of Davy Jones' ship. Whereas attractions such as Universal's Transformers: The Ride 3D rely almost exclusively on media and screens, the combination of real sets and virtual projections helps make Shanghai Disneyland's Pirates a richer experience. Disney has gone to great lengths to enhance its storytelling. For example, most passengers may not immediately notice it, but instead of the matte-black tiles that line the ceilings of most attraction's show buildings, there are screens above some of the underwater sets in Pirates. It's subtle, but by showing virtual water above the ride vehicles, it reinforces the illusion. Mermaids beckon the vehicles farther into the sunken ship and passengers see huge stashes of glittering gold and other pirate booty. Holding court inside the remains of his vessel, Davy Jones greets the passengers. With his lobster claw hand and tentacle-filled beard, the animatronic is one of the most impressive that the Imagineers have created. Using a second huge screen, the ride vehicles as well some of the virtual armada on the ocean floor seem to rise and pierce the surface of the water. It's another spectacular effect. That's followed by a rollicking fight sequence, complete with cannon fire and swordplay, between Jack Sparrow and Davy Jones. The ride passengers are quite literally caught in the middle of the battle. Guess who prevails? Continue to 2 of 2 below. 02 of 02 Shanghai Disneyland The Pirates ride is a remarkable achievement and, along with Tron Lightcycle Power Run, one of the highlights of Shanghai Disneyland. But it is not the only way that Disney has hoisted the Jolly Roger at its mainland China park. Following the precedent that Universal established with The Wizarding World of Harry Potter and that Disney continued with Cars Land at Disney California Adventure and Toy Story Land at Disney Hollywood Studios, Shanghai Disneyland includes an entire land dedicated to one property. In addition to the Pirates of the Caribbean ride, Treasure Cove immerses visitors in Jack Sparrow's world with a variety of attractions and other things to do. Guests can explore the Siren's Revenge ship which is tricked out with some nifty interactive features. They can also paddle along with fellow mateys aboard Explorer Canoes. Shipwreck Shore offers water play areas. Eye of the Storm: Captain Jack's Stunt Spectacular is a corny show that features a hurricane finale that uses a wind tunnel effect. Might a version of Battle for the Sunken Treasure replace Pirates of the Caribbean at Disneyland or the Magic Kingdom in the States? It is unlikely, as the rides are classics and still draw enormous crowds. Shanghai Disneyland's other standout attraction, Tron Lightcycle Power Run, however, is slated to be reproduced at Florida's Tomorrowland in the Magic Kingdom.
